**SMOKEFREE POLICY**

**Rationale**

The YJFL recognises that Environmental Tobacco Smoke (ETS) is hazardous to health and that non-smokers should be protected from exposure to tobacco smoke.

Accordingly, the League has developed the following policy to apply to all YJFL Facilities, Functions, and activities. This policy applies to all members, administrators, officials, coaches, players, and visitors of the League when representing the YJFL or attending any YJFL facilities, functions, or events.

Clubs and their members should also be aware of State Government legislation regarding smoking bans at junior sporting events.

**Facilities**

Smoking and/or vaping will not be permitted on any clubs' playing arena.

By law, smoking and vaping is also banned within 10 metres of any public outdoor sporting venue during an organised match or training session.

All Change Rooms and Toilet Blocks at club grounds must be 100% smokefree.

Smoking and/or vaping will not be permitted in any indoor spectator viewing areas or outdoor grandstands within the League.

Cigarettes will not be sold (including from vending machines) at any time from YJFL club venues.

**Functions**

All official YJFL Functions (including dinners, fund-raising events, meetings, social occasions) to be 100% smokefree.

**YJFL Representatives**

YJFL staff and officials to refrain from smoking and/or vaping whilst acting in an official capacity.

YJFL representative players will refrain from smoking and/or vaping whilst in uniform.

YJFL representative coaches, trainers and officials will remain smokefree whilst acting in an official capacity.

**Non-compliance:**

All League Officials will police the SmokeFree Policy on match days and at official functions.

Non-compliance with the policy will be handled according to the following process:

1. Explanation of the League's policy on smoking to person, including the identification of areas in which smoking is allowed.
2. In the case of continued non-compliance with the policy, League officials will use their discretion as to the steps to be taken, which may include asking the person to leave the premises or function.

**Review:**

The League's SmokeFree Policy will be reviewed on an annual basis.

**RISK MANAGEMENT POLICY**

**Risk Management is a process of systematically, eliminating or minimizing the adverse impact of all activities which may give rise to injurious or dangerous situations.**

**Aim**

Risk Management processes are designed to achieve the following:

- **Minimise 'risk'.**
- **Minimise the 'potential for litigation'.**
- **Avoid 'insurance premium increases', and above all else.**
- **Provide a safe environment for children to play competitive Australian Rules Football.**

In attempting to achieve this aim, it is necessary that all actions, rules, and procedures adopted by the YJFL and the YJFL Member Clubs must be lawful and comply with current Federal, State and Local Government Legislation and also comply with AFL Victoria Regulations and Policies.

**Reference Material**

Ground Inspection Reports, Ground Audits and Ground Emergency Information Sheets are attached to this policy document. These risk management tools are already in use in the YJFL. A Document 'Risk Management for Football Clubs' is also available for reference in each Club as was presented to Clubs on 30/4/2003 by (then) Football Victoria Staff.

**Protection from Litigation**

Whilst anyone can take anyone else to court, sound management practices help to reduce potential incidents and provide an argument for your Club if the worst-case scenario becomes a reality. This information is not offered as a legal opinion but rather as a lay interpretation. Parents are encouraged to seek their own legal interpretation should they feel this necessary.

**Players**

Players are protected by our Risk Management Procedures and a sympathetic and cooperative attitude towards a duty of care being provided by personnel from the League and Clubs, including, but not limited to, team officials and parents who are all jointly responsible to ensure that we provide an acceptable and safe environment for junior sport. These issues include such things as modified rules for younger players, codes of behaviour (for all involved), provision of an accredited/qualified trainer/first-aid person to attend to injuries, where possible and an accredited/qualified coach who is considered suitable to develop the social and football skills of young players. We also have health policies such as blood rules and, inspecting the playing surface and fitting goal padding to ensure the environment is safe and fit for its intended use which are part of our Risk Management strategies.

## SCHEDULE L

### **Umpires**

In considering the needs of the young player, the League requests that you also consider the needs of the young umpire. Given the requirement for players described above, we are all (also) duty bound to provide a safe environment for the umpires. If you consider that it is unacceptable (for someone) to abuse your child or expose your child to unacceptable risk, then this attitude MUST also be displayed to the umpire. Our Risk Management policies require us to identify risk and manage risk associated with our players. Our Umpires will be treated with the same equality and rules and procedures are in place to protect them from abuse etc.

### **Club Officials**

Club officials are said to be protected by the Clubs Incorporation as an 'Incorporated Association' in accordance with the "Associations Incorporation Act (1981), as defined in your Club Constitution and Rules of Association. This incorporation offers the Club a legal identity. Without the protection of Incorporation, your individual Club officials are indeed vulnerable to personal litigation in respect to a claim of negligence etc. Clubs are encouraged to review their compliance with the Act, including the 1st of July 1998 Amendments as advised by 'Consumer Affairs Victoria'.

**Note:** Some clubs are part of Co-operatives and comply with the 'Co-operatives Act 1996', and/or are a Registered Company and comply with 'The Company (Administration) Act 1981'.

### **The Club**

From 2021 the League will arrange for each Member Club to be included in the insurance policies arranged by the League. The League will publish the names of the insurance policies and the schedules of such insurance from time to time and upon any change of those insurance policies. This will provide insurance cover for each Club for the following: Public Liability, Products Liability, Professional Indemnity, Association Liability (Directors and Officers), Personal Accident and Non - Medicare Medical

### **The League**

The League works closely with AFL Victoria and has adopted a number of their Policies, Codes of Conduct and Guidelines as specified in By-Law 14.2.

### **AFL Victoria**

AFL Victoria has, on our behalf, negotiated with Government at all levels, and other involved entities, such as AIS etc to develop Policies to meet the requirements of current social issues and legislation.

### **Additional Matters**

To date the League has attempted to address those issues that are seen to have a priority based on the Regulations and Policies published by AFL Victoria. This will need to be added to, reviewed and procedures developed, as required, on a need's basis in the future.

**ROLE OF CLUB DIRECTOR**

The Club Director represents their Club at Presidents and/or Club Directors Meetings and has the right to vote on their Clubs behalf on the various issues that arise.

The Club Director also plays an integral part in the operation of the League, i.e., to provide communication between the League & Club and to assist the League's Executive in the running of the League.

The Club Director may be involved, as a member, in League Sub-Committees, to determine outcomes, recommendations, etc, to the League (e.g., in the areas of football, grading, conduct, rules, finance etc.)

Part of the Club Director's role is to assist the League in handling minor issues or disputes that arise from time to time between Clubs.

Often it will be common sense to realise that an issue can be solved by the Club Director of one Club contacting the Club Director of another Club to clarify what has happened and come to an agreement about how to approach or handle the problem. Some examples might be spectators, players or officials not abiding by the League's Code of Conduct (minor incidents).

Sometimes it may be more difficult to determine whether an issue is of a minor or major nature. In these instances, advice can be sought from the League's Conduct Director. Major issues might include non-umpire reported incidents behind play or more serious spectator, player, or officials' incidents, particularly those involving violence.

Where a spectator, parent or official feels aggrieved about an unreported incident, they should always report their concerns to the Club who will decide on what course of action to take. Parents, spectators, and officials should not contact the League directly.

If a Club decides that a matter is of a serious nature, and they do not think it appropriate to approach the other club, or they have approached the other club and have been unable to resolve the problem, a formal complaint should be lodged with the League.

In all cases it is expected that where an incident does occur, steps to resolve it will be initiated as soon as possible, preferably on the Sunday evening after the match. It is anticipated that issues handled by the Club (Director) will be brought to a conclusion within 14 days. The League is to be advised, by the initiating Club, of issue/s that are being handled between Clubs.

The Conduct Director is available to assist any club with queries about how to handle a conduct issue. Also, the Chief Executive Officer is available to assist where appropriate in mediation between Clubs.

**YARRA JUNIOR FOOTBALL LEAGUE INCORPORATED**

**REPORTABLE OFFENCES**

**Application**

This document provides some guidelines as to the different categories of Reportable Offences and the appropriate sanctions and courses of action in respect of such offences.

These guidelines are designed to be used by the match day umpire and will be reviewed by the League Review Panel (the Panel). Members of this panel will include the League’s Chief Executive Officer, Football Operations Staff, Board Member responsible for Conduct and other Board Members as required.

The Panel will confirm the suitability of an automatic suspension in place of a tribunal hearing or refer the player to the Tribunal or add a penalty where a bad record has to be taken into account (see (c) Impact of a Bad Record on Classifiable Offences).

Where a player accepts a Reprimand or Suspended Sentence, that Suspended Sentence shall be in place for a full 12-month period and be taken into account for any subsequent reports or tribunal appearances by the player within that period of time.

**Classifiable Offences**

**(a) Which Reportable Offences are Classifiable Offences?**

Classifiable Offences are those Reportable Offences (specified in the table below) which may be graded by a Panel in order to determine an appropriate base sanction for that offence.

<b>Classifiable Offences</b>
Striking
Charging
Rough Conduct
Making unreasonable or unnecessary contact to the face of another person
Scratching another person
Forceful Front-On Contact
Tripping
Using abusive language towards an umpire, or disputing the decision of an umpire.
Pinching or wrestling another person (severe cases)

SCHEDULE V

**(b) Grading Classifiable Offences**

The Umpire will grade an offence using the Player/Official Reportable Incident Sheet which takes into account a discount for a player electing to accept a set penalty without the need for a Tribunal hearing.

The Tribunal Panel or Investigation Officer may grade Classifiable Offences in accordance with the table below. The Panel has absolute discretion to grade the offence as it sees fit and the applicable base sanction be applied.

Conduct	Impact	Contact	Base Sanction
Intentional	Severe	High/Groin	<b>5+ Matches</b>
		Body	<b>4+ matches</b>
	High	High/Groin	<b>4 matches</b>
		Body	<b>3 Matches</b>
	Medium	High/Groin	<b>3 Matches</b>
		Body	<b>2 Matches</b>
	Low	High/Groin	<b>2 Matches</b>
		Body	<b>1 Match</b>
Careless	Severe	High/Groin	<b>4+ matches</b>
		Body	<b>3+ matches</b>
	High	High/Groin	<b>3 Matches</b>
		Body	<b>2 Matches</b>
	Medium	High/Groin	<b>2 Matches</b>
		Body	<b>1 Match</b>
	Low	High/Groin	<b>1 Match</b>
		Body	<b>1 Match</b>

## **1 Conduct (Intentional, Careless)**

### **Intentional conduct:**

- A Person intentionally commits a Classifiable Offence if the Person engages in the conduct constituting the Reportable Offence with the intention of committing that Reportable Offence.
- An intention is a state of mind and may be formed on the spur of the moment.
- Whether or not a Person intentionally commits a Reportable Offence depends upon the state of mind of the Person when the Person engages in the conduct with which they are charged. What the Person did is often the best evidence of their intention. In some cases, the evidence that the conduct itself provides may be so strong as to compel an inference of what the Person's intent was, no matter what they may say about it afterwards. If the immediate consequence of conduct is obvious and inevitable, the deliberate engaging of the conduct carries with it evidence of an intention to produce the consequence.
- As an example, a strike will be regarded as Intentional where a Person delivers a blow to another Person with the intention of striking them.
- The state of a Person's mind is an objective fact and has to be proved in the same way as other objective facts. The whole of the relevant evidence has to be considered. It is necessary to weigh the evidence of the Person as to what their intentions were along with whatever inference as to their intentions can be drawn from their conduct and/or other relevant facts. The Person may or may not be believed. Notwithstanding what the Person says, it may be able to be concluded from all the material that the Person intentionally engaged in the conduct constituting the Reportable Offence.

### **Careless conduct:**

A Player's conduct will be regarded as Careless where it constitutes a breach of the duty of care owed by the Player to all other Players. Each Player owes a duty of care to all other Players, Umpires, and other persons (as applicable) not to engage in conduct which will constitute a Reportable Offence being committed against that other Player, Umpire, or other person (as applicable). In order to constitute such a breach of that duty of care, the conduct must be such that a reasonable Player would not regard it as prudent in all the circumstances. Further, a Player will be careless if they breach their duty to take reasonable care to avoid acts which can be reasonably foreseen to result in a Reportable Offence.

## **2 Impact (Low, Medium, High, or Severe)**

In determining the level of impact, regard will be had to several factors.

Firstly, consideration will be given to the extent of force and in particular, any injury sustained by the Player who was offended against.

Secondly, strong consideration will be given to the potential to cause injury, particularly in the following cases:

- intentional head-high strikes, such as those with a swinging clenched fist, raised forearm or elbow.
- high bumps, particularly with significant head contact and/or Player momentum.

## SCHEDULE V

- any head-high contact with a Player who has his head over the ball, particularly when contact is made from an opponent approaching from a front-on position.
- forceful round-arm swings that make head-high contact to a Player in a marking contest, ruck contest or when tackling.
- any contact that occurs when the other Player should not reasonably be expecting or is not reasonably prepared for contact (i.e., contact off the ball)
- spear tackles; and
- driving an opponent into the ground when their arms are pinned.

The absence of injury does not preclude the classification of impact as Severe.

Thirdly, consideration will be given not only to the impact between the offending Player and the victim Player, but also any other impact to the victim Player as a result of such impact.

In addition, consideration will be given to the body language of the offending Player in terms of flexing, turning, raising, or positioning the body to either increase or reduce the force of impact. The absence of injury does not preclude the classification of impact as Severe.

Low impact (which is the minimum impact required for a Classifiable Offence to constitute a Reportable Offence) requires more than just a negligible impact. Most Reportable Offences require at least low impact and a collision or incident involving negligible force will not ordinarily result in a charge.

### **3 Contact (High/Groin, Body)**

High contact is not limited to contact to the head and includes contact above the shoulders. Contact to the Groin includes contact to the crease or hollow at the junction of the inner part of each thigh with the trunk together with the adjacent region and including the testicles.

Where contact is both High and to the Body, the Match Review Panel will classify the contact as High.

#### **(c) Impact of a Bad Record on Classifiable Offences**

A one match additional penalty will be added to the base sanction of a Classifiable Offence for a bad record, being where a Player:

- has been suspended for one or more matches in the past 12 months (as at the date of the offence) for any other Classifiable Offence(s).
- has received one or more reprimands in the past 12 months (as at the date of the offence) for any Classifiable Offence(s); or
- has been suspended for a total of two or more matches in the past 24 months (as at the date of the offence) for any Classifiable Offence(s).

#### **(d) No reduction for Good Record**

Players will not receive a reduced base sanction for a good record.

## SCHEDULE V

### Direct Tribunal Offences

**(a) Which Reportable Offences are Direct Tribunal Offences?**

Direct Tribunal Offences are those Reportable Offences (specified in the table below) which are referred by a Panel (or otherwise) directly to the Tribunal for determination without grading (i.e., without an assessment of the offence using the Classification Table):

<b>Direct Tribunal Offences</b>
Kicking or Kneeing another person
Bumping or making forceful contact to an opponent from front on when that player has their head down over the football
Head butting or making contact to another person using the head
Intentional Contact with an Umpire
Striking an Umpire
Spitting on or at an Umpire
Spitting on Another Person
Stomping on Another Person
Attempting to Strike an Umpire
Eye Gouging
Behaving in an Abusive, Insulting, Threatening or Obscene Manner Towards or in Relation to an Umpire
Any Classifiable Offence or Low-Level Offence which attracts a base sanction that a Panel finds inappropriate
Any Other Act of Serious Misconduct which the Panel considers appropriate to refer to the Tribunal

**(b) Determination of Direct Tribunal Offences?**

The Tribunal will determine Direct Tribunal Offences (as with any other Reportable Offence) in accordance with section 2.

### Low-level Offences

**(a) What Reportable Offences are Low-level Offences?**

Low-level Offences are the following low-level Reportable Offences which do not require classification:

## SCHEDULE V

<b>Low-level Offences</b>
Attempt to strike, kick, trip
Careless contact with an Umpire
Engaging in a Melee
Instigator of Melee
Staging
Wrestling
Making unreasonable or unnecessary contact with an injured Player
Obscene gesture
Disputing decision
Pinching
Interfering with Player kicking for goal
Shaking, climbing, or interfering with a goal or behind post
Time wasting
Prohibited boots, jewellery, equipment
Scratching
Not leaving playing surface
Any other act of low-level misconduct which is not a Classifiable Offence or Direct Tribunal Offence

### **(b) Sanctions for Low-level Offences**

Low-level Offences attract the sanctions as set out in the table below.

First Low-level Offence = Reprimand/Suspended Sentence	Second & Subsequent Low-level Offences = 1 match suspension
---	---

A reference to second and subsequent Low-level Offences is a reference to a second or subsequent Low-level Offence occurring at any time in the previous 12 months (as at the date of the current offence). The second or subsequent Low-level Offence need not be the same offence as the first Low-level Offence. For the avoidance of doubt, a prior offence other than a Low-level Offence will not count as a first offence for the purposes of the above table.

In some cases, the umpire may determine that a reprimand is not a suitable penalty given the severity of the offence, and elect to refer the matter directly to the Tribunal for deliberation.

## SCHEDULE V

### Reportable Offences

The *Laws of the Game* sets out a non-exhaustive list of specific Reportable Offences in Law 19.2.2 as well as providing for various categories of permitted contact which shall not constitute a Reportable Offence (for example legally using a hip, shoulder, chest, arms or open arms, providing the football is no more than five metres away, and contact which is incidental to a marking contest where a Player is legitimately marking or attempting to mark the football).

The *Laws* define certain offences such as Charging and Engaging in a Melee, however they provide that in interpreting Reportable Offences, words, terms, or phrases which are not defined in the *Laws* shall be given their ordinary meaning. The following provides some further guidance in relation to what constitutes particular Reportable Offences.

#### (a) Striking, Kicking

Striking and kicking are interpreted in accordance with their commonly understood meaning. A strike would usually be by hand or arm and would generally not apply to other contact using the body. A kick is generally applied to contact by foot or leg.

A strike or kick, as opposed to an attempt to strike or kick, requires more than negligible impact. Where a strike, for example, does not make more than negligible contact, it is still open to the Match Review Panel to charge a Player for Attempting to Strike where it is satisfied that notwithstanding the result, the intention was to connect with greater force.

#### (b) Classification of Certain Strikes

For the purpose of these Guidelines all Persons should note that the following factors are considered when determining the classification of a Striking offence:

- **Intent:** Notwithstanding any other part of these Guidelines, the fact that an act of striking occurred behind the play or off the ball or during a break in play or with a raised forearm or elbow is usually conclusive that the strike was intentional.
- **Impact:** Notwithstanding any other part of these guidelines, any Careless or Intentional strike which is of an inherently dangerous kind and/or where there is a potential to cause serious injury (such as a strike with a raised elbow or forearm) will usually not be classified as "Low Impact" even though the extent of the actual physical impact may be low. Such strikes will usually be classified at a higher level commensurate with the nature and extent of the risk of serious injury involved.

#### (c) Misconduct

Misconduct has a wide meaning and generally is any conduct which would be regarded as unacceptable or unsportsmanlike by other participants in the match or

## SCHEDULE V

where it had the effect or potential to prejudice the reputation of any person, club, or the Controlling Body or to bring the game of football into disrepute.

Serious misconduct offences will be referred directly to the Tribunal. However, any other act of Misconduct will be subject to a Low-Level Offence to be determined by the Controlling body.

### **(d) Forceful Front-On Contact**

Bumping or making forceful contact to an opponent from front-on when that opponent has his head down over the ball is a Reportable Offence. Unless Intentional, such actions will be deemed to be Careless, unless:

- the Player was contesting the ball and did not have a realistic alternative way to contest the ball; or
- the bump or forceful contact was caused by circumstances outside the control of the Player which could not reasonably be foreseen.

Note: A Player can bump an opponent's body from side-on but any contact forward of side-on will be deemed to be front-on. A Player with his head down in anticipation of winning possession of the ball or after contesting the ball will be deemed to have his head down over the ball for the purposes of this law.

### **(e) Rough Conduct**

Rough Conduct is interpreted widely in relation to any contact which is unreasonable in the circumstances. It is a Reportable Offence to intentionally or carelessly engage in rough conduct against an opponent which in the circumstances is unreasonable.

Without limiting the wide interpretation of Rough Conduct, particular regard shall be had to the following officially recognised forms of Rough Conduct.

#### **1. Rough Conduct (High Bumps)**

A Player will be guilty of Rough Conduct where in the bumping of an opponent (whether reasonably or unreasonably) the Player causes forceful contact to be made with any part of his body to an opponent's head or neck. Unless Intentional, such conduct will be deemed to be Careless, unless:

- the Player was contesting the ball and did not have a realistic alternative way to contest the ball; or
- the forceful contact to the opponent's head or neck was caused by circumstances outside the control of the Player which could not be reasonably foreseen.

In the interests of Player safety, the purpose of the rule dealing with high bumps is to reduce, as far as practicable, the risk of head injuries to Players and this purpose needs to be kept firmly in mind by all Players and will guide the application of the rule.

## SCHEDULE V

For the purpose of these guidelines, head clashes may be considered a reasonably foreseeable consequence arising from a bump. Accordingly, Players who elect to bump, resulting in a head clash, may be liable for a sanction if the level of impact is above the threshold required to constitute a Reportable Offence.

In determining the level of impact (if any) of a bump which causes a head clash, regard may be had to one or more the following:

- whether the degree of force applied by the Player bumping was excessive for the situation.
- whether the Player being bumped was actively involved in the passage of play.
- the distance the Player applying the bump has run to make contact.
- whether the Player being bumped is in a position to protect himself.
- whether the Player bumping jumps or leaves the ground to bump; and
- any alternatives available to the Player instead of applying a bump.

### **2. Rough Conduct (Bumps to the Body)**

It should be noted that even if the rule relating to high bumps does not apply (for example in the case of a bump to the body), a Player may still be guilty of Rough Conduct if his conduct was unreasonable in the circumstances. In determining whether any bump was unreasonable in the circumstances, without limitation, regard may be had to whether:

- the degree of force applied by the person bumping was excessive for the situation.
- the Player being bumped was in a vulnerable position; and
- the Player could reasonably expect the contact having regard to his involvement in play or ability to influence the contest.

### **3. Rough Conduct (Dangerous Tackles)**

The application of a tackle may be considered Rough Conduct which is unreasonable in the circumstances. In determining whether the application of a tackle constitutes a Reportable Offence and whether the offence is Careless or Intentional, without limitation, regard may be had to the following factors, whether.

- the tackle consists of more than one action, regardless of whether the Player being tackled is in possession of the ball.
- the tackle is of an inherently dangerous kind, such as a spear tackle or a tackle where a Player is lifted off the ground.
- the Player being tackled is in a vulnerable position (for example their arms are pinned) with little opportunity to protect himself; or
- an opponent is slung, driven, or rotated into the ground with excessive force.

### **4. Rough Conduct (Contact Below the Knees)**

Under the Laws of The Game, it is prohibited to make contact with an opponent below the knees. Players who keep their feet are vulnerable to serious injury from opponents who lunge, dive, or slide toward them and make contact below the knees. It is the purpose of these guidelines to protect such Players from the risk of foreseeable injury. A Player may be guilty of Rough Conduct if he makes contact below the knees of an opponent and does so in a manner which is unreasonable in the circumstances. It is not a defence that the Player who made the prohibited contact was contesting the ball or was first to the ball. The primary responsibility of Players with respect to contact below the knees is to avoid the risk of foreseeable injury. In determining whether any contact below the knees is unreasonable in the circumstances, regard may be had to:

- the degree of momentum and/or force involved in the contact.
- whether the Player causes contact below the knees by sliding with his foot, feet, knee or knees in front of him.
- whether the opposition Player was in a position that was vulnerable to contact below the knees (for example, standing over the ball or approaching from the opposite direction); and
- whether the Player making contact had any realistic alternative ways of approaching the contest or situation.

It should be noted that even where the contact is not made below the knees of the opposition Player but to another part of an opponent's body, a Player may still be guilty under the general definition of Rough Conduct for making unreasonable contact by sliding or dropping into an opponent with their knees or feet first.

#### **(f) Instigator of a Melee**

Instigator of a Melee is defined as where the Player's conduct results in retaliatory action which leads to a melee. The offence of Instigator of Melee is in addition to the offence of Engaging in a Melee which may have the effect of a Player being found guilty of both offences.

#### **(g) Staging**

A Player will be reported for staging. Staging can include excessive exaggeration of contact in an unsportsmanlike manner. Staging shall be a Reportable Offence as it may:

- affect umpires' decision-making.
- incite a melee; and/or
- not be in the spirit of the game (unsportsmanlike).

#### **(h) Tripping**

In determining whether a trip is above the level of impact to constitute a Reportable Offence, regard will be had to how fast the opponent was moving, whether the trip was by hand or by foot/leg and whether contact was made with a swinging motion.

### **COACHING BOX CARD SYSTEM (WHITE CARD POLICY)**

#### **1. CONTEXT**

The Yarra Junior Football League (YJFL) is committed to undertaking proactive measures to ensure the match day environment for all players, coaches, volunteers, umpires, and spectators is a positive experience. In line with this undertaking, a new Coaching Box Card System will be trialled in 2023 across all competitive age levels of the YJFL. The system is focused on the Head Coach role modelling coach behaviour and being accountable for any unacceptable behaviour by any person/s located within the confines of the designated coaching box area. Club, Coach and Umpire feedback will be sought at the end of the season as part of the review process.

#### **2. UNACCEPTABLE BEHAVIOURS**

- (a) The behaviour of the Coaching Box will be deemed unacceptable when any Umpire observes or clearly hears someone within the confines of the Coaching Box area:
- Continually questioning/disputing umpiring decisions
  - Abusing umpires or making inappropriate comments to or about them
  - Using inappropriate language or gestures towards or about anyone
  - Speaking inappropriately or aggressively towards opposition players or coaches
  - Behaving in any manner that is socially unacceptable / contrary to the Coaches' Code of Conduct or Player Code of Conduct.
- (b) In recognising the emotions of being involved in a game, Umpires must understand that the Coaching Box Card System is in place to manage repeated instances of Unacceptable Behaviours, not isolated instances unless they are excessive/aggressive in nature.
- (c) This system does not override any Umpire's ability to report any person on a team sheet at any time throughout a game. For example, if an Umpire hears someone in the Coaching Box vilify someone else and they can identify the perpetrator, they should report that person immediately and take the relevant steps as per the standard reporting process.

#### **3. COACHING BOX CARD SYSTEM OVERVIEW**

- (a) Where Unacceptable Behaviours are emanating from the Coaching Box, a three-phase system will be undertaken by the Field Umpire/s via the use of White and Red cards to stop such behaviours in real time. The three phases are:
- 1st Phase - a warning (White card shown)
